SKIPPING SURGE

Less Uber, more neighbor

Skip surge pricing. Share the ride, split the cost, keep the money in your neighborhood.

A app for lonely cities

A cure for lonely cities

Half of us feel alone. Every shared ride is a conversation, a connection, a neighbor you now know.

Technology in service of real life

We use AI to put people in the same car – not to replace them. Helping humans, not automating them away.

How it works

Get the digest

The best local events in your inbox, every week.

RSVP to ride

See who's going from your neighborhood.

Go together

Share the ride there. Come home with a new friend.

Rides shared. Neighbors found.
Nobody left behind.

Join your city's digest

A more perfect union starts with a shared ride.
